CREATED  
FOR THE WAY YOU LIVE

*Northern*  
WOODCRAFT  
PRODUCTS

## ARTISAN CRAFTSMANSHIP

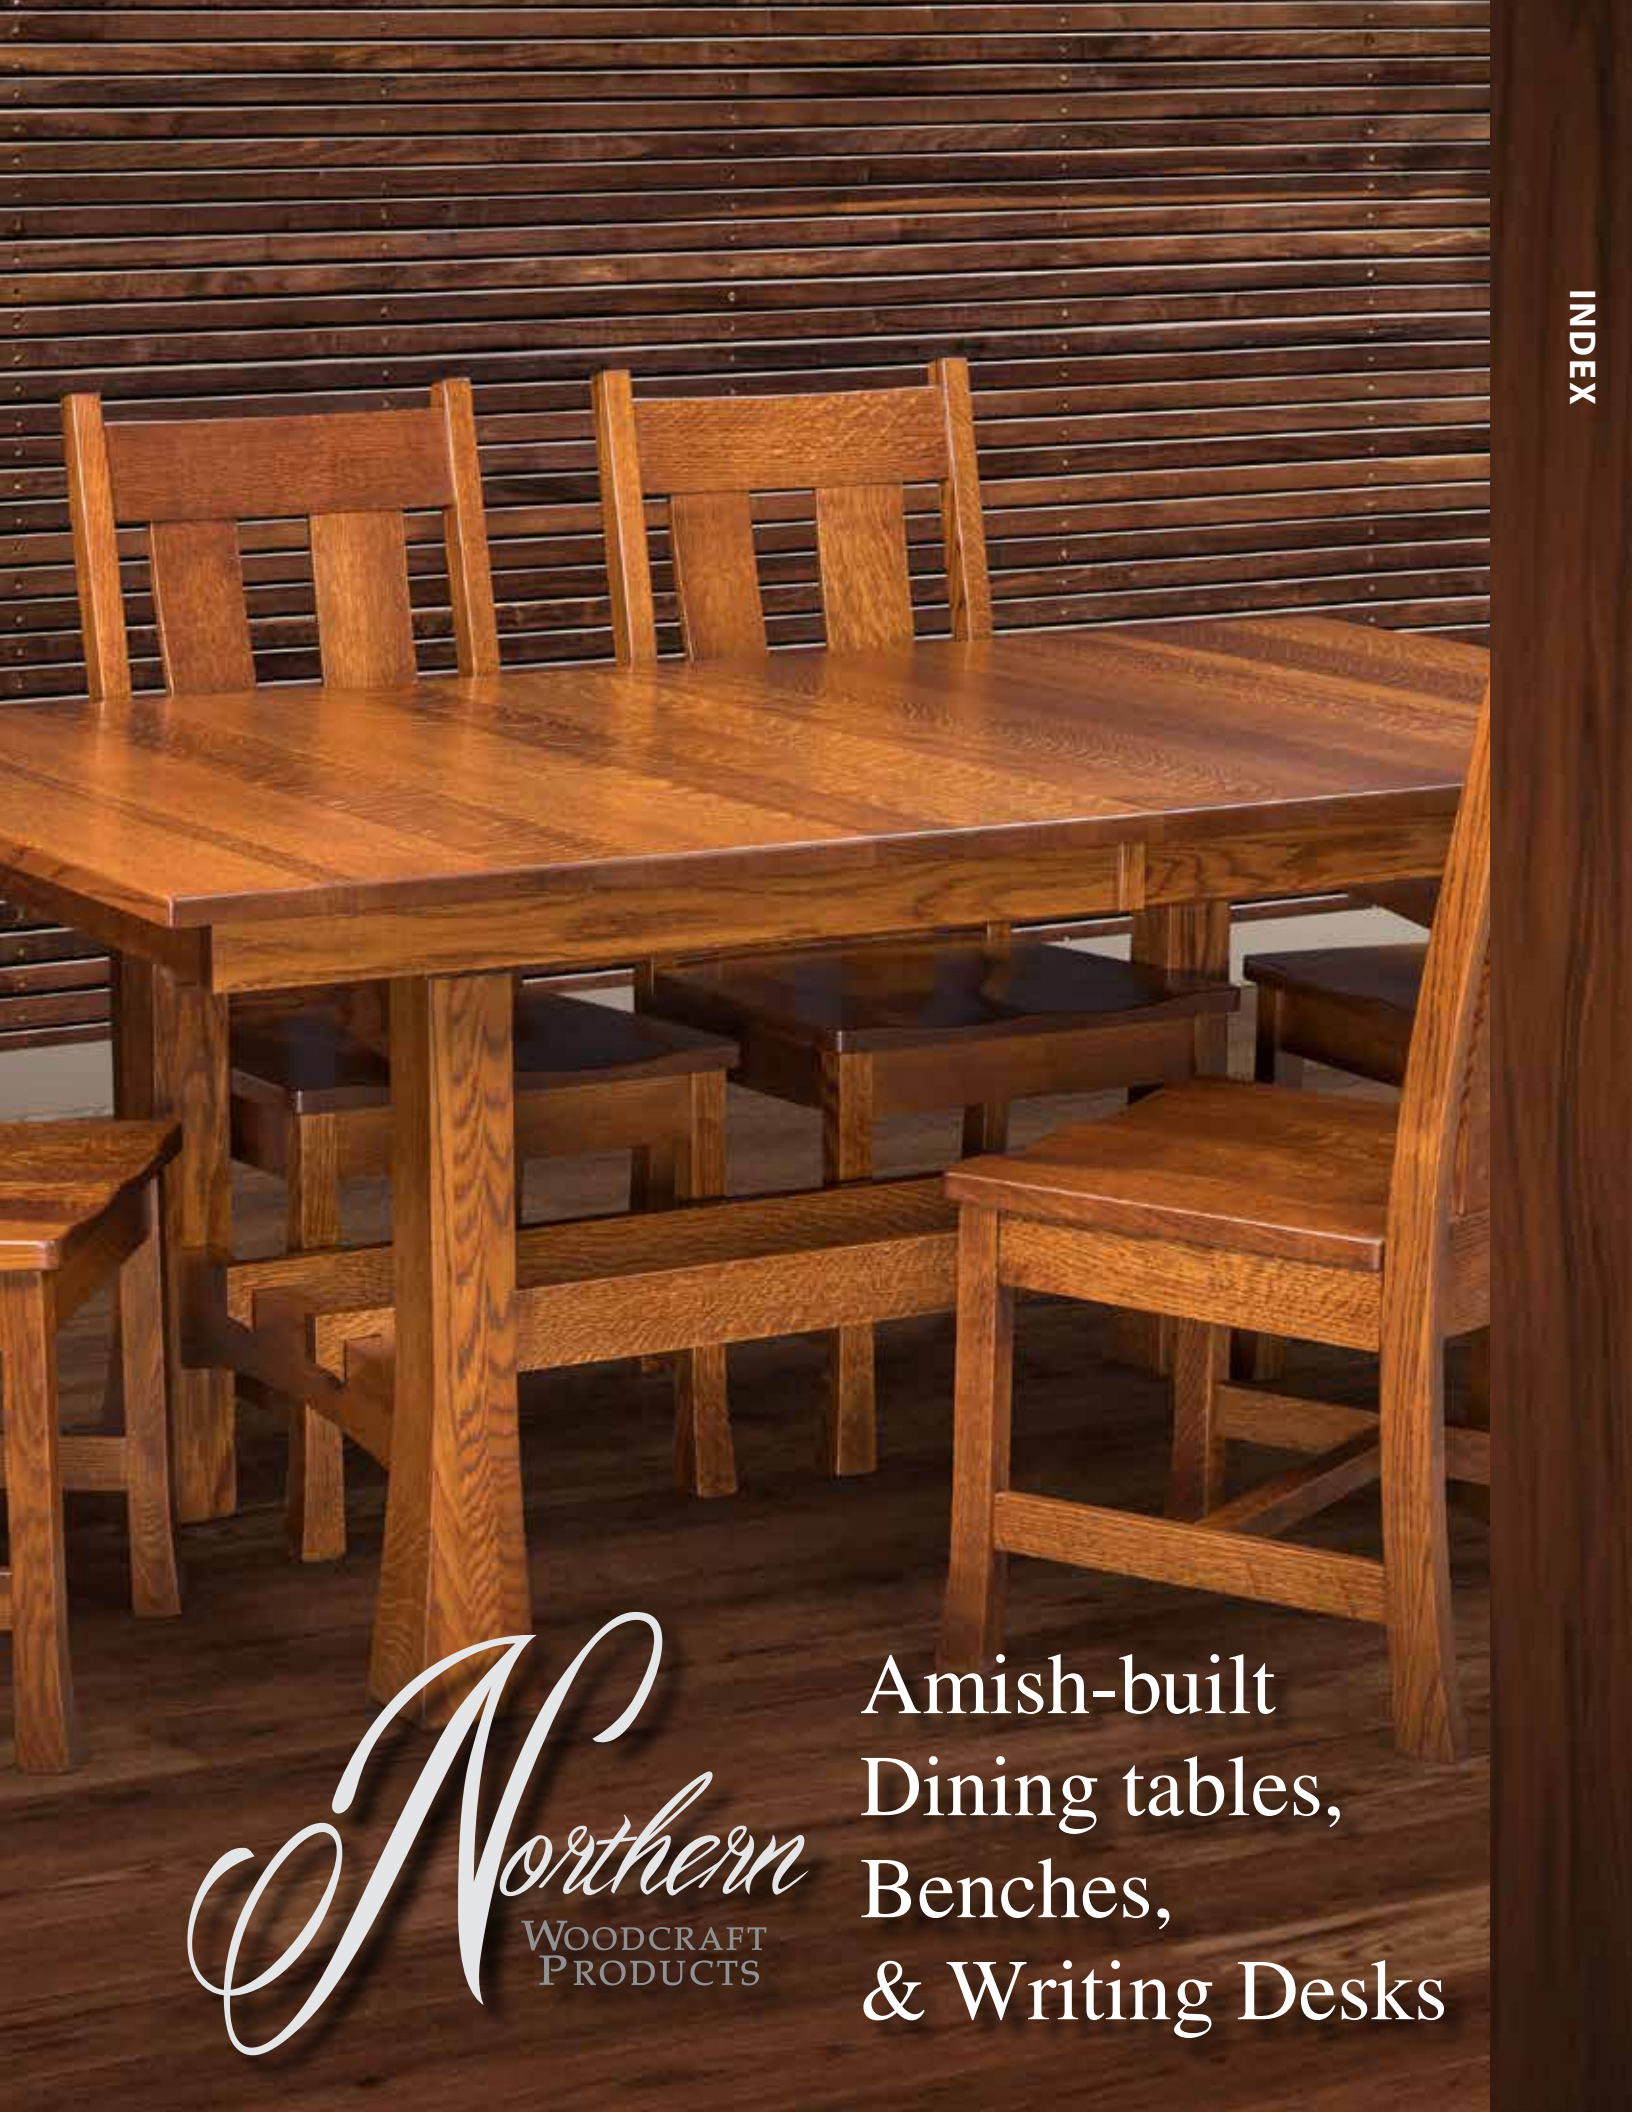

It is our enduring respect for and understanding of nature that allows us to capture the natural strength and beauty of solid woods. Experienced artisans skillfully bring out the grain characteristics in every table we create, so that each becomes a unique treasure.

## HANDCRAFTED QUALITY

Our craftsmen work only with the finest woods, stain and other finishing products. Our dedication to authentic designs, strict attention to detail and the highest standards in workmanship guarantee lasting quality.

Specializing primarily in tables, we offer a wide variety of styles, assuring there is one to fit your home's personality, your family's lifestyle and every chapter of your life story.

Northern Woodcraft Products is located in the heartland of Indiana's time-preserved region of hand-crafted trades. For generations, woodworkers here have passed on their traditional values, construction methods and ability to bring out the intrinsic beauty of native woods. With loving care and a minimum of regular maintenance, our heirloom quality craftsmanship assures you of a table, bench or writing desk that will weather a lifetime of use for years to come.

# Spreader & Feet Options

## Pedestal & Feet Options

## Butterfly Leaf

Available on Legged & Trestle Tables

All butterfly leaves are 16" or 18"

### Single Butterfly Leaves

available on Legged tables

On legged tables, butterfly leaves are only available on sizes 42" x 42" or 60" and 48" x 48" or 60"

### Double Butterfly Leaves

available on Trestle tables

Butterfly leaves are only available in the following trestle table sizes: 42" x 66" or 72" and 48" x 66" or 72"

# Care of Solid Wood Tables

- Maintain a humidity-controlled environment. Your home should be kept in the 40-50% humidity range to prevent warping and cracking.
- Keep table out of direct sunlight or fluorescent fixtures that contain ultraviolet rays.
- Place furniture away from direct heat sources such as furnace ducts, radiators and fireplaces.
- Store table leaves in or close to the table to maintain consistent environmental conditions.
- Avoid placing sharp objects that could scratch the table directly on the table.
- Do not store furniture in attics or basements where the environment is not consistent.
- Dust table often and carefully with a soft cloth following the grain pattern to remove abrasive dust particles.
- Periodically clean the table with mild non-alkaline soap using a soft sponge or cloth.
- Avoid polish that contains silicones. (Ask your retailer to recommend a polish.)

All hardwood contains variations in color and grain. These natural characteristics give each piece of solid wood furniture its unique charm, and although the finishing process is identical, no two pieces are the same.

Most hardwoods are open-grained causing solid wood furniture to expand and contract with changes in humidity and temperature even after the finish is applied. Care in controlling the furniture's environment will help minimize the minor cracking and warping that is a natural part of the wood's character. With proper care, your solid wood furniture will provide a lifetime of enjoyment and can be passed on to future generations.

## **OUR WARRANTY**

Within the first two years we will repair or replace a table if it is in a humidity level of 40-50% and wasn't placed in front of a window or any kind of a heater or heat duct. If a table splits after two years there will be a minimum charge to fix it and to send it to a finish shop, then it will need to be negotiated between the retail store and the finisher.

*Important: Actual product colors may vary from those shown in photos. Please refer to stain samples for accurate colors.*
